7. Closing of the 2019 Annual General Meeting

## Minutes of the 2018 Annual General Meeting

---

Date: Thursday October 18, 2018  
Location: 365 St. Louis, Pointe-Claire, Quebec (Arthur-Séguin Chalet)  
Attendance: 89 Members, 87 valid voters, 5 non-members

### **Elected members of the Executive Committee:**

Tony Ziukas  
Joost Wentink  
Ligeo Kattackal  
Carmine Maurizio  
Alexander Martineau  
Catherine Renaud  
Rick Costa  
Bill Dworsky  
Mitch Ferguson

### **Appointed Members of the Executive Committee:**

Lisa Artuso

### **Regrets:**

Frédéric Backach-Lord

## Other PCASA members:

Joshua Fireman	Stewart Brennan	Kim Harper	Graham Pepper	Julia Vander Sluys
Francine Buchanan	Trevor Lane	Jennifer Olmstead	Wil Crooks	Veronica Jaramillo
Michael Rogers	Francisco Verdier Diaz	Amanda Lloyd	Sandra Buchanan	Cassandra Popovich
Jacques Lamontagne	Richard Anderson	Gary Harvey	Stepan Buryanskiy	Jonathan Markiewicz
Nick Von Roretz	Xiaogang Wang	Annette Daley	David D'Arienzo	Peter Ralston
Rodney Bushey	Peter MacDonell	Valerie Daley	Jean-Paul Chaupart	Paul Brodeur
Kathay Carson	Phil Lalonde	Bill Daoussis	Kylian Descaillot	Steve Paquette
Dishko Hristov	Sylvia Papazian	Belen Herrero	Marcel Villalobas	Stephan Tschunitz
Carmen Cloetta	Monique Thirlwell	Jackie Lecomte	Malik Robitaille-Seck	Samuel Gouffe
Melissa Grynspan	Eric Pawlusiak	Olav Kappert	Daniel Taza	John Boucher
Jitendra Patel	Suzana Cindric	Bah Saidon	Marilyn Lamontagne	Dimitrios Christopoulos
Christopher White	Eric Zuck	Julie Smith	Richard Yorke	Tyler Tschunitz
Scott Hunt	Rilas Yahia	Craig Buchanan	Carolyn Bush	Adrian Ulfing
Patrick Summers	Christopher LeCouffe	Rich Swaminathan	Luigi Falvo	
David Webster	Aziz Benzouak	Carol Rabbat	Jay Sarin	
Jean-Francois Hamel	Anne-Marie Urbain	Michael McGrath	Jon Nihols	

Minutes were taken by Anny Lecault.

### 1. Opening of the 2017 Annual General Meeting

#### **Meeting called to order – 19:35 hrs**

The meeting was chaired by Mr. Tony Ziukas, (PCASA) President.

Annette Daley made a motion to open the AGM. The motion was seconded by Kim Harper. It was unanimous.

The annual report for 2018 was distributed to all present.

### 2. Review and Approval of the Agenda for the 2017 Annual General Meeting

A Motion to approve the agenda was made by Phil Lalonde and it was seconded by Anne-Marie Urbain.

The agenda was unanimously approved.

### 3. Review and Approval of the Minutes for the 2017 Annual General Meeting

The minutes of the 2017 Annual General Meeting (AGM) were reviewed.

Olav Kappert made a motion to approve the minutes from the 2017 AGM and this motion was seconded by X (not noted in minutes).

The minutes were unanimously approved.

**POINTE-CLAIRE AMATEUR SOCCER ASSOCIATION 2018-2019**

**ASSOCIATION DE SOCCER AMATEUR POINTE-CLAIRE 2018-2019**

#### 4. Correspondence

There was no new correspondence to report.

5. Executive Members' Reports – only President, VP Finance and VP Technical will present their reports.

#### President's Report:

Improvement in recreational teams - continuous improvements and teams were more competitive

We increased our membership. One of only two clubs in 2018 who raised their membership which is a good reflection on the club.

We had a great number of volunteers, better performance of our teams, better spirit. We are trying to give our players more technical knowledge and more coaching.

Our objective is to help the teams who are doing poorly and make sure they improve. We want to continue with the momentum gained and continue to improve the skills of our good players and assist those who are struggling.

Our membership seems to be much more involved and that's very good.

#### Challenges:

- Better communication, always trying to increase and improve.
- Finding volunteers - congratulations for our VP micro and House League for finding their volunteers.
- Upcoming Canada soccer licencing program, clubs must qualify for a certain level of competition.

A big thank you to the following people/groups:

- The executive team, they did a great job.
- The staff. Lisa, Marylin, technical team and Mike as well as all those behind the scenes to give the tools and information you need.
- Steve, Vicky and Mark from the city of Pointe-Claire parcs and recreation. They assist when there are complaints. They work with the municipal council, trying to keep the infrastructure in place.
- Our sponsors.
- Association régionale de Lac St Louis. We have a good dynamic with them.

The most important thing is to thank again the volunteers – coaches, managers, team captains, without them we would not be where we are today. Thank you.

Questions and comments from the floor:

Q: Communications - what have you specifically done to improve?

A: We sent out timely messages from Lisa and VPs. More info to coaches and followed up and we answered a lot of inquiries and always promptly. We always want to improve

Q: (Olav) I find this year there's less communications to the public, no monthly newsletters?

A: We want to avoid redundancy so we put more information on the web site instead. Info for specific groups are sent directly to them.

C: (Sylvia Papazian) Thanks to the association. The Technical team was supportive for me as a parent, for my kids and as a coach. Don't see a lot of women volunteers, there should be more representation. Communications aspect was very good. We were told our beloved coach was fired after 3 years of devotion - suddenly - we want to thank him.

Q: Can the Executive minutes posted on the web site after each meeting?

A: Yes, we will do that.

#### Financial Report:

Review of difficulties on P14 to P18. The club has a net loss of 24K this year, much better than the previous year with 69K.

Our winter youth program is predicated on guessing the number of registrants in advance of rental of turf time. We tried to satisfy the demand by purchasing more turf time and unfortunately players did not sign up.

That is the complexity of establishing fees in Winter: Contracts are signed in August and registration is in September/October, so our estimate was off. We will try to remedy the situation in 2019.

The summer program performed well, there is no burden of having to pay for fields.

Total revenues for 2018 - 1% above budget and 3% above prior years.

Increase in registration income due to summer numbers.

Approximate 15\$ increase per player in fees.

Dilawri sponsorship to end in 2019.

We need to stop the hemorrhaging from prior years. We can accomplish that in 2019 with additional sources of revenue. However, sponsorship and or advertising revenue is very

difficult. It is a full-time portfolio and we do not have a person with those skills. In previous years we received a subsidy from the city of Pointe-Claire, but it was removed since we managed a surplus (which is now depleted). We need to revisit that possibility. The other source of additional revenue is player registration fees. This is a double-edged sword though, to keep the balance between raising our revenue base and keeping fees affordable. For information, our fees are not at either extremity, we are in the middle of the pack.

In 2019, we should be increasing our spending on the technical budget to 25 to 30% of our total revenue base - we are at only 15%. We need to either raise revenue sources or cut costs, otherwise we cannot increase the % on technical spending.

On a personal note - more and more we have to find individuals and pay them to do the various job, finance is no different. The portfolio has grown and Pro Bono is no longer an option, you need someone to manage this appropriately, we should hire someone.

Questions and comments from the floor:

Q: Regarding the budget for next year - revenue of 15% and costs 15%, what about the sponsorship?

A: We are spending that money; we just don't know where yet

Q: Jerseys – this year we re-used the ones from the last year - what about next year?

A: We have a plan for 2019- 2020- 2021 - there will be new equipment. Yes - uniform replenishment is necessary - 1/3 of the uniforms next year is 65k.

Our House League/Micro tournament has its challenges - not good timing for all our members, lack of volunteers, etc. We put in lots of effort for it to run. If there are zero other sources of revenue, we will have to consider canceling it to save that expense.

Q: What happened to our surplus?

A: See page 16, right now the surplus is gone and we have a deficit of 11k. The goal is to break even at all times. Although far from ideal, we are not a point yet where it is the end of the world. 6 years ago it was 100k so the city asked us to buckle down. Right now the aim is to break even so we dropped some of our commitment to turf time, and will keep cutting if our revenue doesn't achieve the goals.

Q: Would a merger help at all?

A: Financially there could be benefits but we'd have to go through the city, logistics, constitutional challenge. Not a good fit at the time it was last attempted.

Q: It works for hockey, baseball, ringette - why not soccer?

A: (Steve Garwood, city of Pointe Claire) The goal of any association is to sustain its membership and in Pointe-Claire you can't compare soccer to hockey and the other sports.

Q: Lakeshore is an amalgamation of 4 cities. Our players need help and Dorval could help, no?

A: (Steve Garwood, city of Pointe-Claire) Inviting other cities to play on our fields that you pay for, the council does not support those kinds of things. Traveling to DDO and Dorval speaks to some parents, but not every one. Driving to Verdun and other municipalities is ok for competitive teams, but not House league.

C: (Olav) We can make our teams more competitive by grouping every 2 age groups.

Q: What were the factors in 2010 merger talks with DDO and Dorval that failed?

A: Met with them and discussed a strategic plan. Pointe-Claire was in the process of getting 2 brand new fields, the City rejected the proposal.

C: (Erick Stork) Bring your concerns to city council.

Q: Increasing costs of indoor by 5K for 2019 with an overall loss of 24K last year and 30K extra in indoor alone?

A: We will offset that cost by driving registration and increasing the revenues - if it does not, you are right we will have to consider other options.

Q: Who makes the guesstimate?

A: Use information from prior years and extrapolate. Tech team and Ligeo makes the guess.

Q: Camera bought last year, never saw it on the field

A: Not in my portfolio – will find someone to answer

Q: Motion to appoint an auditor?

A: Although in the constitution, it has not been done for the last 15 years. The result may be 20\$ a head in membership increase by player. This would require hiring a full-time accountant to review the books for x number of hours. It would be expensive.

Motion: to have an auditor open the books

C: (from member) An auditor will look at what is there now, there is not much. What will he audit, the number of soccer balls? It will not serve the purpose you are looking for.

Q: (new intercity parent) This year we struggled from a lack of commitment from Pointe Claire House league 6 or 7 girls only showing up - is that going to be addressed? Every year we are losing more and more players but overall our club we've gained players

A: Our House League coaches work hard to give support to Inter-city.

Off topic from Finance, time to wrap it up.

### Technical Report:

Nick and Rilas of the Technical team will present the Technical report for the VP Technical.

We would like to take the opportunity to thank our coaches. 2018 was a transition and development for the technical team.

We put in place platform allowing for exchanges between the coaches of the club. We've had 3 CTCs and a 4th coming up in November.

#### Micro:

- Technical binders were given out to coaches. For long term use.
- Club coaches training given - introduction for youth coaches to coaching

#### House league:

- Technical team now participating in the evaluation process
- More technical sessions

#### Questions and comments from the floor:

Q: Did the technical staff participate in any other group House league other than U9 and u10? I can say no and if you want to develop your players you need to do this right through.

A: We did something last year to help the U12. It would be nice to have the technical staff helping all the levels, but our % of budget to dedicate to House league would have to be increased and consequently the overall budget dedicated to the Technical team increased as well.

Q: In order to help the house league teams we need more money and more people?

A: Yes

Q: Why are we hiring InterCity coaches? Why did you disturb the teams?

A: Fines from the region if coaching levels/certifications are not met

Q: How is the decision made to pay some coaches and not others?

A: For coaches who go further in their training than just community courses. The technical team submits a budget which was approved and we were under budget.

C: We need more funds to support house league as we are doing more identifications.

C: This year in micro program we had a huge lack of coaches in U4 and U8 boys.

Q: In terms of the technical staff assisting the teams, Lakeshore set aside one or two days where the technical staff run a practice, capture all age groups, learning specific skills. Throughout the summer, every Wednesday.

A: We did 3 sessions with the technical staff, similar to what Lakeshore does. We do not have the staff or budget to do it every week. We are a new technical staff and are our programs will evolve.

Q: There must be volunteers that would be willing to show up and assist?

A: We will note it and take that into consideration.

C: Not a question of money or size, its a question of organization, of communication, there is a way to do things.

C: (Olav) As soon as you start paying coaches, volunteers say why should I do this.

C: (Jon M) That comment really bugs me. I am not paid and I coach my kid. Our 20 something coach is not getting paid and he coaches. If you are coaching just to get paid then your motivations are wrong. The whole reason this club exists, its purpose, is for the kids to be athletic, not for individuals to make money.

C: (Annette D) Our technical team has done a great job for 9 months. At least now we have 3 guys, a team, we're getting there, give them a chance.

Q: (Jacques L) Am I wrong by saying that the only coaches being paid are club coaches?

A: Yes you are - there are other coaches being paid.

There are several existing coach pathways and we are mandated that certain teams at certain levels have coaches with a specific certification. Even volunteer coaches are seeking and getting their certifications.

C: (Francine B) Rules of the Federation are imposed on us.

Q: Rules are rules and that's unfortunate but the kids should be what's first, I don't feel like my kid was well served, he was frustrated because the adults got involved in the fun the kids were having this summer. Debacle in MU11. No one on that team was told that the coach did not have the certification to train that team.

A: The Technical team admits to mistakes and not handling the situation as well as it could have. There were emails regarding the certification required.

C: A large voice from half of the U11 team...Stef, we did not want you out of the U11.

Tony puts an end to the technical report.

## Short Recess

### Nominating Committee

Joshua Fireman

At 21h10, the Executive freed the table and the 2018 Nominating Committee took the floor. Joshua Fireman explained the process of the elections to the assembly including who is eligible to vote.

The mandate of the nominating committee ends two weeks prior to the general meeting. At that point the following nominations had been submitted to the committee (slides shown).

V.P. Finance – Ligeo Kattackal

V.P. Intercity – Rick Costa and Stefan Tschunitz

V.P. Metro – Bill Dworsky

V.P. Senior – Mitch Ferguson and Rodney Bushey

Joshua Fireman called for the Election of the Executive Committee Members (“Election”) to commence.

Stewart Brennan and Sylvia Papazian volunteered to be scrutineers to collect and count the ballots and they are assisted by Vicky Barnes from the city of Pointe-Claire.

### Election of the 2018-2019 PCASA Executive Committee

V.P. Metro – Bill Dworsky

Nominations were opened to the floor.

No other nominations received from the floor.

**Bill Dworsky was elected by acclamation.**

V.P. Intercity – Rick Costa and Stefan Tschunitz

Rick Costa gave his speech.

Stefan Tschunitz gave his speech.

Questions from the members.

Ballots are handed out to eligible voting members.

Stewart Brennan and Sylvia Papazian counted the votes, assisted by Vicky Barnes.

**Rick Costa was elected.**

V.P. Finance – Ligeo Kattackal

Nominations were opened to the floor.

Stephan Tschunitz nominated Graham Pepper.

Graham Pepper accepted the nomination.

Ligeo Kattackal gave his speech.

Graham Pepper gave his speech.

Questions from the members.

Ballots are handed out to eligible voting members.

Stewart Brennan and Sylvia Papazian counted the votes, assisted by Vicky Barnes.

**Ligeo Kattackal was elected.**

V.P. Senior – Mitch Ferguson and Rodney Bushey

Mitch Ferguson gave his speech.

Rodney Bushey gave his speech.

Questions from the members.

Ballots are handed out to eligible voting members.

Stewart Brennan and Sylvia Papazian counted the votes, assisted by Vicky Barnes.

**Mitch Ferguson was elected.**

Tony Ziukas thanked the Nominating Committee for their efforts and expressed his gratitude towards the outgoing members of the Executive and all the volunteers and employees. At this time T. Ziukas invited the new Executive Committee to take their positions at the head table.

Given the hour, Tony will defer talks of the constitution.

A motion was put forward to close the Annual General Meeting and it was seconded.

**Meeting Adjourned – 22h45**

## President - Report

---

To start off, I would like to thank the Mayor and Council of City of Pointe-Claire for their continued and gracious support to our Club from the top-notch fields to our offices. We also greatly appreciate the ongoing support from Vicky Barnes, our City Liaison. I would also like to thank Steve Garwood for his many years of assistance to the Club and wish him a very happy retirement.

Our biggest task this year was to prepare the Soccer Canada Club Licensing application. After review, PCASA has applied as a Provincial License which, should our application prove successful, be in place for the 2021 Outdoor season.

On the soccer operations side, 2019 saw the continued focus of our Technical team to continue provide more streamlined and focused training. Team results show an improvement and our players at all levels are gaining valuable skill improvement as a result.

Our Director-General, Lisa Artuso has done an exceptional job in managing our administration and a particular super job in leading the Club Licensing file to its submission on time.

Challenges continue to be looking for better ways to continue to provide a positive soccer experience in order to maintain player retention at the youth levels.

A big Thank You to all our staff and for our executive team members who worked the extra mile to prepare the Club Licensing project. I would also invite you to read the reports of the respective Vice-Presidents.

I would also like to inform you that this AGM marks the end of my tenure as President of PCASA . It was an honour to have the opportunity to serve our members over the last 5 years and I can stand-down knowing that many positive changes have taken place over that period.

Respectfully submitted,

Tony Ziukas  
President PCASA

## Executive Vice-President - Report

---

In the past two years, my focus has been on improving governance and better understanding the needs of members. We did the first membership satisfaction survey. I collaborated with members to propose governance improvements and we're finally getting our financial statements audited.

Three years ago, maybe 15 or so people would show up at the AGM. In the past two years, 70 to 100 people attended. It's great to see this new level of engagement - it's motivating to see people care about the club and it reminds people that the role of the board is to represent the members. Showing up once a year at the AGM has a positive impact throughout the year.

I'm also happy to see new people willing to join the board. It's good to get some new perspectives and ideas to help the club evolve.

As a parent of a PCASA player I want to do my part, and that's why I've put my name up for another two years. I've listed below some of the things I'd focus on as a board member.

**Team:** great organizations are built by great people. Focus on engaging talented people, give them the resources needed to succeed and encourage collaboration

**Coaches/Team managers/Captains support:** they are the stars of the club - make their lives as easy as possible, listen to their needs and ideas

**Program development:** the world is evolving and our programs should too. The youth today has many options and we need to innovate

**Financing:** the club has had a deficit for a few years now - fix that and increase the budget to improve quality of service

**Growth:** reverses the trend of membership decline/stagnation by addressing the needs of (potential) members and promote PCASA - the club needs to evolve to stay relevant to the next generation of soccer players

**Governance:** Improve accountability, planning, processes and reporting, increase transparency

Joost Wentink  
Executive Vice-President

**POINTE-CLAIRE AMATEUR SOCCER ASSOCIATION 2018-2019**

**ASSOCIATION DE SOCCER AMATEUR POINTE-CLAIRE 2018-2019**

## Sporting Director - Report

---

I would like to take the opportunity to first thank the coaches for their dedication to each of their teams. They are the most important components that enable our programs to develop and that allow our players to have a positive experience with our club. Thanks!

The year 2019 was a year of consolidation for the technical team and the club. We strengthened the technical structure and developed it more to answer the needs of all our programs, from Micro to Seniors, via House League and competitive. We continued with the Club Technical College (CTC), which is an exchange platform for the club's coaches; it was a first for the club and much needed to ensure structured development and support for our coaches which trickles down to our players. To this day, we have organized 5 CTCs, and a 6th one is scheduled in November. Then with the different evaluation sessions, we have enhanced our knowledge of the club's players. On a macro level, we have set the bases, in collaboration with the administration and the executive committee, for the requirements needed within the Canadian Soccer Association's Club Licensing program. This reform, through which clubs must comply to a series of criteria, aims that player and coach development be at the center of the club's offering. The season was also a success in terms of budget, with expenses just below the parameters set by the Executive Committee.

### **Micro**

At the Micro level, our focus was on 2 main elements: the introduction of a more thorough technical structure and the Coaches in Training program. First, we decided to enhance the supervision structure with an experienced coach in charge of each training site, so that we can have better follow-up and more immediate adaptability. Then, we were able to count on 26 club coaches to help our micro players with the volunteer coaches. Some of them were able to complete their S2 and S3 courses in order to deepen their knowledge as coaches. We also consolidated our U08 Development program that prepares our groups for the intercity level. Both the boys and girls groups showed a nice progression and they will be ready to start their competitive adventure in 2020.

### **House League**

At the House League level, we focused on 2 elements: the link with our competitive teams and responding to specific needs over the season. At the evaluation sessions, the technical coordinator House League helped in the player observation to select balanced teams. We also answered specific needs over the summer to what was presented to us by

the VP House League, which we were in constant communication with. Finally, we have been able to better define our winter programs since 2018/2019, with the appropriate format of play for futsal (5v5) and more game-oriented sessions.

### **Intercity**

In Intercity, we were able to line up 24 teams from U09 to U18, which is the same amount as 2018. We are still dependant, in certain age groups, to the total number of players in the category, which explains a varying number of teams depending on the age. In general, the team results improved compared to the previous years, even if certain teams, that played in higher caliber competition, had to adapt to more quality opposition. In all categories, teams were able to consolidate their place. With younger groups (U09 and U10), the teams were better prepared, more organized and more structured, which was reflected in their continuous development this season. In 9 versus 9, the main challenge was the number of players and the growth of the squads to allow them to enter 11 v 11 with enough players. With the older groups, we have seen that teams have been able to develop an identity and are now able to identify their main areas of work to progress in years to come.

We were also able, through our technical structure, to ensure follow-ups of all of our groups, because we have someone in charge of U09-U12, someone in charge of U13-U16, and someone in charge of U17 to senior.

### **Coaches Development**

This year was very positive in terms of coaches development. Many candidates furthered their knowledge of the game by completing their S2, S3 and S7 courses in order to be better equipped to organize positive training sessions focused on player development. Some of our coaches also took part in more advanced courses on the Development and Performance pathway: two coaches successfully passed the License C course, three completed the theory part of the course, and three coaches completed their ESP (Éducateur de soccer provincial) course. Furthermore, a number of quality coaches joined our ranks. These trainings will enable our team to learn new elements of the game that will be useful in the setup of the programs as well as with the mentorship that we do with our coaches and players. On top of that, we have continued the CTC this year, which is necessary to ensure a useful exchange of information. We are also very satisfied that 100% of our intercity coaches were trained according to the FSQ and ARS Lac St. Louis rules.

### **Challenges and objectives for 2020**

For 2020, we are facing certain challenges, with the main one being the Club Licensing: we have to ensure we deploy the technical structure of the club in accordance with the club's Strategic Plan. We have already identified a number of priorities. For the

entire club, we want to offer training sessions for coaches to instill the club's values and give them the basic methodology applicable at all levels. In line with Club Licensing, we need to rework the program offering so that it complies with the CSA's criteria. These changes will be made in order to develop a maximum of players in a positive environment. Finally, we also want to enhance our team in order to better share the increasing responsibilities that we have to fulfill.

Frédéric Bakhach-Lord  
Sporting Director

## Vice-President, Representative Teams - Report

---

First off, there are never enough words to express my appreciation on thanking all Coaches, Assistant Coaches, Managers and all volunteers for their continued dedication to PCASA soccer.

With that said, the newly appointed Technical Team with the leadership of Frederic Bakhach-Lord clubs Sporting Director on its second year of inception we have seen progress in all facets of the player/team development within all levels of the club. I/we continue hearing from all members the positive impact the Technical Team is providing, all I can say is keep up the great work...

Quote :

***'Don't aspire to be the best on the team, aspire to be the best for the team.'***

We cannot forget our Club Coaches, who are in the trenches day in and out, thank you your continued support to PCASA soccer.

I will continue positioning the importance to the Technical Team on MORE Coaches classroom training as they have done in the past with the implatataion of the CTC-Clubs Technical College/Collège technique de club (CTC) program where we have seen minor success however plenty of opportunity to grow.

In conclusion, with new club Administration, and Technical team I feel PCASA is better positioned to provide a superior product and deliver quality leadership to the membership years to come.

Yours truly,

Rick Costa  
Vice-President, Representative Teams

## Vice-President, House League - Report

---

### Season summary

27 teams from U10 to U18:

- 6 M10 and 4 M12 playing in the Pointe-Claire House League
- 3 F10 teams joined the F10 Dorval-Lachine league
- 2 F12, 3 F14, 3 F16, 1 F18, 2 M14, 1 M16 and 2 M18 teams played in the recreational Lac St-Louis Youth Local League (Interclub)

### Highlights

**Practices at the beginning of the season for Interclub teams:** Turf practice fields were reserved in May for teams playing in the Youth Local League, so that each team had at least 2 practices before their first game. After the long weekend in May, each team had scheduled weekly practices on grass fields.

**Technical Coordinator:** A technical coordinator had been assigned to the House League teams, but unfortunately he resigned after the first week of the season. It was not possible to replace him and because of this, no extra technical practices were held.

**Coaches Training:** 5 House League coaches did the S3 training over the summer.

**All-Star teams:** 8 Pointe-Claire teams participated in the Lakeshore Soccerfest (M10, M12, M14, M18, F12, F14, F16 and F18). The F16 team was runner-up, losing the final game 1-0 in overtime.

**International Cup Kids playing for Kids:** The F16 Pointe-Claire All-Star team participated in this tournament where all proceeds are donated to Montreal's children's hospital (Ste-Justine, Children's and Shriners). The F16 team represented Brazil and won the gold medal.

**Interclub Finals:** 4 Pointe-Claire teams finished the playoff round robin in the top 4, qualifying them for the final round. The F16 Whitecaps won the silver medal and the F12 Whitecaps won the bronze medal. The other 2 qualifying teams (F14 Fury and M14 Manchester) received participation medals.

**Soccer Pointe-Claire House League Tournament:** the tournament was competitive for the House League divisions (M10 and M12), as well as the 3 Interclub divisions with 3 teams (F12, F14 and F16). All other Interclub teams played an exhibition game.

**Lac St-Louis Regional Tournament:** The M12 Manchester team was the only Pointe-Claire team to qualify for the Regional tournament and received a participation medal.

### **Plans for next year**

Go back to a House League for the F10 division with 4 F10 teams. Have an assigned technical coordinator assigned to the House League who will hold extra technical practices for the M10 and M12, and who will be available to help pinpoint areas of improvement for the other levels. Have a local 3-hour session with all the House League coaches to help them plan their practices and improve player skills and techniques.

Thank you.

Catherine Renaud  
Vice-President, House League

## Vice-President, Micro - Report

## Vice-President, Senior - Report

---

Champagne Ladies were excellently managed by Carmen Cloetta. Four teams participated this year.

LOOGS were excellently managed by Mark Pompura although this is probably his last year. Four teams participated this year. Registration for the Winter season is currently progressing.

LOGS were managed by myself with ten teams participating in Summer and Winter. The Disciplinary points system was revived for Summer 2019 and two teams were punished with points deductions. Registration for the Winter season is currently progressing.

Mens Summer LOOGS 9v9 went well on Friday nights at Bourgeau park although more participants are required for next year. Sam Donato handled the management of the league.

Due to member requests a new Summer coed 7v7 league started on Monday evenings at Kinsmen park. Melissa Grynspan handled the management of this league. More female participants are required for next year.

Respectfully yours,

Mitchell Ferguson  
Vice-President, Senior
